

SPECIALTY METALS AND VALUE-ADDED SERVICES FOR THE MEDICAL DEVICE INDUSTRY

Banner Medical Innovations has served the precision machining industry by providing the highest quality materials and value-added services that offer superior processing capability, reduced supply chain complexity, and risk mitigation. Our mission is to provide defect-free materials and components that allow our customers to manufacture the best products for the medical device industry.

YOUR LEADING EDGE FOR MEDICAL GRADE BARSTOCK

Edge International is a stocking distributor of medical grade raw materials for the manufacture of implants and instruments used in the orthopaedic, spine and trauma sectors of the medical devices industry. We concentrate on the medical market to ensure the highest level of compliance, quality, and service.

THE COMPREHENSIVE HI-TEMPERATURE METALS RESOURCE

Supra stocks a complete range of Hi-Temp and Specialty Metals with in-house capabilities including: chemical milling, shearing, precision cutting/grinding, coil slitting, and chemical/physical testing. Truly a one-stop-shop dedicated to quality assurance, competitive pricing and on-time delivery with strategically located world class manufacturing centers. Supra Alloys is dedicated to finding the right material solution for each client and each company.
