## FOR IMMEDIATE RELEASE:

### **INTRODUCING THE WASHMASTER MCW MINI CONVEYOR WASHER. THE ULTIMATE SOLUTION FOR AUTOMATED CONTINUOUS CLEANING**

*March 2024 – Cincinnati, Ohio*

Ransohoff, a division of Cleaning Technologies Group LLC a renowned leader in innovative cleaning solutions, proudly unveils its latest marvel: the Washmaster MCW Mini Conveyor Washer. Designed to meet the evolving needs of modern industries, the MCW Mini Conveyor Washer offers an automated continuous wash system with a compact footprint, revolutionizing cleaning processes while maximizing efficiency.

The MCW Mini Conveyor Washer stands as a testament to Ransohoff commitment to excellence. Crafted using only the finest materials and components, and designed by industry-leading engineers, it exemplifies superior quality and performance. Each unit is meticulously built to the highest standards by master builders, ensuring reliability and durability for years to come.

Key Features of the Washmaster MCW Mini Conveyor Washer include:

- **Automated Continuous Wash System:** The MCW Mini Conveyor Washer streamlines cleaning processes with its automated operation, minimizing manual intervention and maximizing productivity.
- **Compact Footprint:** Despite its powerful capabilities, the MCW Mini Conveyor Washer boasts a small footprint, making it ideal for facilities with limited space.
- **High-Quality Construction:** Manufactured using premium materials and components, the MCW Mini Conveyor Washer ensures longevity and reliability even in the most demanding industrial environments.
- **Customizable Options:** Process items on a flatwire belt or utilize custom fixtures tailored to your specific needs, providing versatility and adaptability to diverse applications.
- **Energy-Efficient Design:** With an energy-efficient design, the MCW Mini Conveyor Washer helps reduce utility usage, contributing to cost savings and environmental sustainability.
- **Comprehensive Solution Filtration:** Benefit from full-flow solution filtration, maintaining optimal cleanliness and performance throughout the cleaning process.
- **Electrically Heated Process Solutions:** Enjoy efficient and consistent cleaning results with electrically heated process solutions, ensuring thorough and effective cleaning.
- **Loading and Unloading Automation:** Optional loading and unloading automation further enhance efficiency and streamline workflow, saving time and labor costs.

"At Ransohoff, we are dedicated to pushing the boundaries of innovation to deliver exceptional cleaning solutions that meet the evolving needs of our customers," said Jeff Mills VP Ransohoff Sales at Ransohoff. "The Washmaster MCW Mini Conveyor Washer embodies our commitment to excellence, offering unmatched performance, reliability, and efficiency."
