About Us

LH Medical (started in 2006) is one of five divisions of LH Industries which was founded by Leon Habegger in 1966. LH Medical has two locations and a total of ~100,000 square feet. The Medical division alone has just over 100 employees across 3 shifts. We pride ourselves on our performance and the relationships we are able to build with our customers and suppliers.

Capabilities:

- Manufacturing all types of Medical Device Implants & Instruments
- CNC Swiss Machining - 13
- 3, 4, & 5 Axis CNC Milling - 30
- Wire EDM - 13
- Sinker EDM - 1
- Multi-Axis CNC Turning - 7
- Gun Drilling -1
- Spinal Rod Bending - 2
- Laser Marking - 2
- Full Tool Room Capabilities
- Full Finishing Department
- Assembly Services
- Citric and Nitric Passivation
- Manufacturing Engineering Support
- Design for Manufacturing Expertise (DFM)
- Project Management Support
- ISO 13485:2016 Certified
- FDA Registered
- 21CFR820 Compliant
- Hexagon & AIMS CMM Equipment
- Nikon Vision Inspection System
- End of Line "Final" Clean – ISO 10993
- Electropolishing

Out Sourced Capabilities:

- Heat Treatment
- Anodizing –Ti & AL
- Chrome Coatings
- PVD Coatings
- DLC Coatings
- Plasma Coatings
- Cutter /Tool Grinding
- Waterjet & Laser Cutting
- Welding Services
- Special Packaging
